# Small outside, smart inside

Being the smallest vital signs monitor among its kind, iM3s presents a fashionable handheld design, delivering extraordinary portability throughout spot checks. Though small in size, it integrates all necessary vital measurements together, including SpO<sub>2</sub>, NIBP and optional TEMP.

## A Dedicated Spot Monitor

With its pleasing size and large capacitive touch screen, iM3s could be operated by one hand, bringing comfortable and familiar user experience to daily applications. For each test, all measurements and custom parameters could be displayed on the same screen, while the test results being saved automatically in its built-in non-volatile memory or transfer to hospital information system.
